

Designgriffe

Design handles

Griffe für die Sinne. Handles for the senses.

Es fühlt sich irgendwie besonders an – harmonisch und schmeichelnd. Der Blick bleibt an einem kleinen Detail hängen – etwas, das dem Ganzen einen speziellen Ausdruck verleiht. Und im täglichen Gebrauch ist kaum spürbar, dass dieses Etwas auch noch die Aufgabe hat, eine Funktion zu erfüllen. Haptik, Optik und Funktionalität sind im Einklang. Sinnvolle Griffe – genau das war das Ziel von Schüco Alu Competence bei der Entwicklung der neuen Griff-Kollektion. Inspiriert von Elementen aus anderen Ländern, Kulturen und Kunstepochen, produziert mit perfektem Know How und perfektioniert in der Funktion ist eine Kollektion entstanden, die die Sinne für Ästhetik und gleichzeitig Funktionelles weckt. Wir wünschen Ihnen viel Spaß damit!

It feels like something special – smooth like silk. Your view lingers on the smallest details that give the whole product a unique character. In daily use, you can barely notice this is something that fulfills a purpose. The feel, look and function are in harmony. To create meaningful handles – this was the goal of Schüco Alu Competence when developing the new handle collection. Inspired by elements from different countries, cultures and artistic movements, produced using expert knowledge and with perfected functions, we created a collection that triggers the senses in terms of both aesthetics and functionality. Enjoy!

Ihr Your
Schüco Alu Competence Team

Die Basics im Fokus
Focusing on the basics

Reduziert auf das, worauf es ankommt. Klarheit und Eindeutigkeit zeichnen die Griffkreationen dieses Trends aus.
Bei aller Konzentration auf das Wesentliche ist die Wirkung dennoch verblüffend. Weniger ist eben oft mehr.

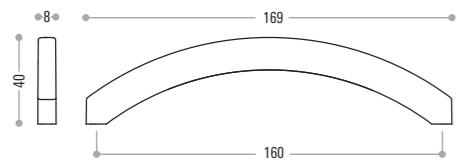

Pared down to what matters. Clarity and simplicity set the handles of this style apart. When the focus is on the essentials, the effect is no less striking. Less is just as often more.

Ein Dialog von Formen
An interplay of shapes

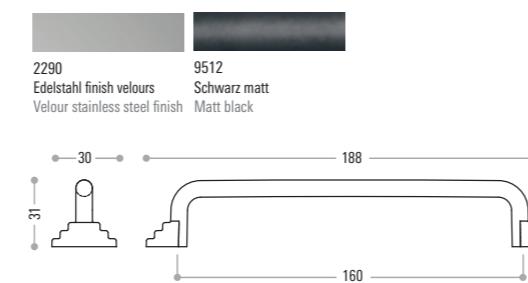

Grenzenlose Impressionen gekonnt in einem harmonischen Ganzen vereint. Netzstrukturen treffen auf Wellen, gerade Linien kombiniert mit weichen Schwüngen. Opulent, nahezu majestatisch, setzen sich die Dekor-Griffe in Szene. Neben Design und Haptik wurde auch an perfekte Funktionalität gedacht.

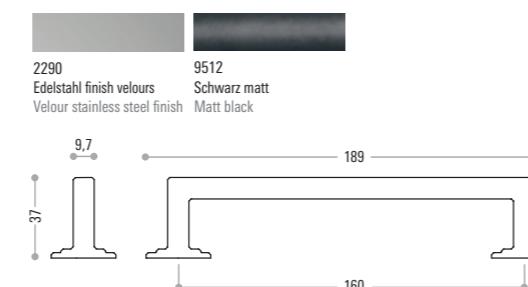

Endless forms skilfully combined into a harmonious whole. Rigid structures meet waves and straight lines combine with soft curves. Dekor handles give their surroundings an opulent, almost majestic feel. Attention has also been paid to perfect functionality alongside the design and feel.

Die Feinsinnigen
The subtle approach

Schlank ist elegant. Durchdachte Konzepte, kein Schnickschnack, sondern ausgewogene Linienführungen stehen bei der Slim-Line-Kollektion im Fokus. Die konsequente Geraedlinigkeit verleiht jeder Möbelfront eine besonders elegante Note.

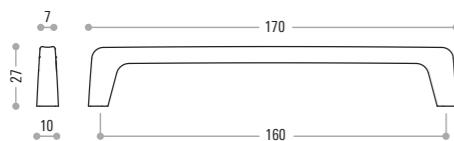

Slimline stands for elegance. The no-frills Slim-Line collection focuses on carefully considered concepts and balanced lines. The consistent, straight lines lend every piece of furniture a particular air of refinement.

Die dritte Dimension
The third dimension

Die Kunst der Formensprache liegt in der gekonnten Kombination verschiedener Flächen, Linien und Geometrien, die sich mit ausgefallenen Strukturen zu einem harmonischen Ganzen vereinen. Überraschend und außergewöhnlich in der Optik überzeugen die Griffe als echte Handschmeichler.

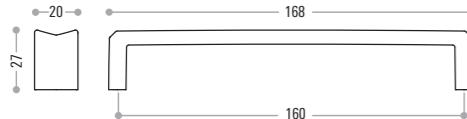

The art of spatial design lies in skilfully combining different areas, lines and geometries with unusual structures which unite to create a harmonious whole. Surprising and unusual in their appearance, the handles are a real pleasure to touch.

Das gewisse Etwas
That certain something

Selbstbewusst bis übermütig wurden Fantasie und Kreativität freier Lauf gelassen. Bei der Umsetzung kommen die technischen Faktoren ins Spiel. Ergebnis sind Griffe, die überraschend anders und gleichzeitig höchst anpassungsfähig sind.

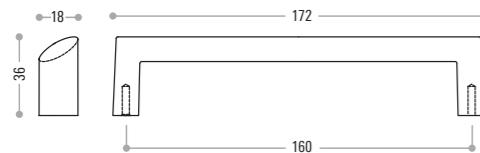

From confident to exuberant, fantasy and creativity have been given free reign, while technical factors come in to play in the implementation. This results in handles that are both drastically different and still easily adaptable.

Eine Frage des Stils
A question of style

Eine Kollektion so vielseitig wie jeder einzelne Griff. Schlicht und elegant lässt er der Möbelfront den Vortritt. Ausdrucksstark und markant setzt er gezielt Akzente. Harmonisch ergänzt er den Stil seiner Umgebung. Den Einsatzbereichen sind keine Grenzen gesetzt.

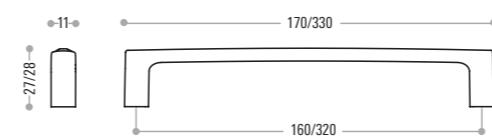

A collection as diverse as the handles themselves. Simple and elegant, each handle allows the furniture to take centre stage. Expressive and striking, they deliberately convey character and harmoniously complement the style of their surroundings. There are no limits to how the handles can be used.

Stil und Zeitgeist im Einklang Style and Zeitgeist in harmony

Die Kollektion der Schüco Alu Competence Designgriffe präsentiert sich so vielseitig wie jeder einzelne Griff. Das Neuheiten-Programm spiegelt aktuelle Designtrends wider – von schlichter Eleganz bis zu facettenreichen Formen. Der Standardbereich ist alles andere als Standard. Optik, Funktionalität und Qualität sind im Einklang, die Einsatzbereiche unbegrenzt, das Design ist vielfältig und ausgewogen – für jeden Stil, für jeden Lebensraum der passende Griff.

Schüco – Systemlösungen für Fenster, Türen und Fassaden

Die Schüco Gruppe mit Hauptsitz in Bielefeld entwickelt und vertreibt Systemlösungen für Fenster, Türen und Fassaden. Mit weltweit über 5.400 Mitarbeitern arbeitet das Unternehmen daran, heute und in Zukunft Technologie- und Serviceführer der Branche zu sein. Neben innovativen Produkten für Wohn- und Arbeitsgebäude bietet der Gebäudehüllenspezialist Beratung und digitale Lösungen für alle Phasen eines Bauprojektes – von der initialen Idee über die Planung und Fertigung bis hin zur Montage. 12.000 Verarbeiter, Planer, Architekten und Investoren arbeiten weltweit mit Schüco zusammen. Das Unternehmen ist in mehr als 80 Ländern aktiv und hat in 2018 einen Jahresumsatz von 1,670 Milliarden Euro erwirtschaftet. Weitere Informationen unter www.schueco.de

The Schüco Alu Competence collection of design handles is as diverse as the handles themselves. The new range reflects the latest design trends – from simple elegance to multi-faceted shapes. The standard range is anything but standard. Appearance, functionality and quality are in harmony, there are no limits to how the handles can be used, and the design is diverse and balanced – the perfect handle for every style, in every living space.

Schüco – System solutions for windows, doors, façades and solar products

Based in Bielefeld, the Schüco Group develops and sells system solutions for windows, doors and façades. With more than 5400 employees worldwide, the company strives to be the industry leader in terms of technology and service today and in the future. In addition to innovative products for residential and commercial buildings, the building envelope specialist offers consultation and digital solutions for all phases of a building project – from the initial idea through to design, fabrication and installation. 12,000 fabricators, developers, architects and investors around the world work together with Schüco. The company is active in more than 80 countries and achieved a turnover of 1.670 billion euros in 2018.
